

BRINGING IT ALL TOGETHER

Innovative technologies mean we can offer you the highest total efficiency yet in a wastewater pump – the Grundfos SE and SL ranges.

- **No compromise:** The S-tube impeller offers world class hydraulic efficiency without compromising free passage

- **Intelligent adaptive controls:** Pump operation controlled intelligently and dynamically with AUTOADAPT, offering the benefits of constant surveillance

- **High motor efficiency:** Grundfos Blueflux® guarantees IE3 motor efficiency, maximising electrical efficiency in the pump

- **Functionality that meets your needs:** Unprecedented reliability and mechanical efficiency, with smart-design functionality designed for you

See more at www.grundfos.com/no-compromise or visit Grundfos at WEFTEC in Hall D, booth 307

The Grundfos SE and SL ranges of wastewater pumps are the highest total efficiency pumps currently available. Innovative technologies from Grundfos bring together intelligence, motors, hydraulics and functionality to meet the challenges of modern wastewater, maximising the hydraulic, electrical and mechanical efficiency of your pumps.
